Snap-On Smile is an esthetic/cosmetic device. The Snap-On Smile product line can also be used for clinical applications. Any decisions with respect to clinical use is between the dentist and the patient.

Transform Your Smile...

Transform Your Life

snapon  
smile®

Easy. Painless. Beautiful!

I've worn these for 3 1/2 months and they look exactly as they did the first day I put them in. They haven't stained. They haven't decreased in color. They're perfect, they don't change!  
-Felicia J.

ACTUAL PATIENT

I've always wanted to have a really great smile... but the cost of veneers is just way more than I can afford. The Snap-On Smile is extremely affordable and it's a really quick great option for a perfect smile.  
-Stacey D.

Easy. Painless. Beautiful!

# Snap-On Smile®

Snap-On Smile® is an affordable, non-invasive, and completely reversible dental appliance that can easily and painlessly give you a beautiful smile.

## What is Snap-On Smile?

**Snap-On Smile** is a patented, easy and painless way to obtain a beautiful smile. After 8 years of extensive research and development, your dentist can now provide you with a **Snap-On Smile** that is thin and strong with the look of natural teeth. You can eat and drink with your **Snap-On Smile**. It's easy to care for and can be a temporary or permanent solution. It's available for upper and lower teeth.

## Snap-On Smile is for just about everyone!

Snap-On Smile is an affordable and life-changing solution for patients of all ages. Getting a Snap-On Smile simply requires two short painless visits with no drilling, no shots and no change in tooth structure.

It is an excellent choice for:

- Gaps, crooked, stained or missing teeth
- Those who are not candidates for bridges or implants
- Anyone who would like a transformative smile without the expense and discomfort of complex and invasive dental procedures
- Anyone who has an old-fashioned removable partial denture and wants a beautiful, more comfortable alternative

## It's easy, it's painless, and you can start today.

1. You pick the style and shade of your new smile.
2. Your dentist takes an impression of your teeth.
3. You come back in about three weeks for a final fitting and you wear your Snap-On Smile home.
